MEMORANDUM FOR: Deputy Director for Administration

FROM: Robert W. Magee  
Director of Personnel

SUBJECT: Invitation to Address the 1986 Graduate Studies Program

1. We would be pleased to have you address the 1986 CIA Graduate Studies Program participants on Tuesday, 15 July 1986 from 11:00 a.m. to 12:00 a.m. in Headquarters Room 1E74. In the past, speakers have talked about the Agency of today as well as tomorrow in relation to their specific office.

2. The Graduate Studies Program began in 1966 with initial focus on the Chinese area and language studies. It has gradually been expanded to include other academic disciplines such as economics, international affairs, geography, law, engineering and other sciences. The program provides students the opportunity to do substantive work in their fields of academic concentrations. The majority of those selected have completed one or more years of graduate study, or will be attending graduate school in the fall. During their summer employment, the students have weekly briefing sessions with senior officials who acquaint them in detail with the work of the Agency. Since the graduate students have special clearances, briefing officials are candid in describing the activities, duties and responsibilities of their components. This same frankness prevails in their response to questions from the students following each presentation. Overall reaction to the briefings and assignments has been very favorable.

3. Over the years the intern program has proven mutually beneficial from both a short and long range point of view. Interns have an opportunity to participate in the substantive work of the Agency and to become acquainted with professional foreign intelligence analysts. The results of student research projects are most often of high quality. Many are published and disseminated throughout the intelligence community. At the same time, the Agency is able to assess the analytical ability and potential of the students for permanent positions.

SUBJECT: Invitation to Address the 1986  
Graduate Studies Programs

5. If you are able to participate, you should allow 10 to 15 minutes of your allotted time for questions from the students following your presentation. Should you have any questions about the program, please contact

[redacted] Coordinator for Student Programs, on extension [redacted]

It would be appreciated if you would confirm your availability by checking the appropriate response below and returning a copy of this memo, along with biographical information, to Room 4N20J, [redacted] Your participation in this program is appreciated.

[redacted]

Robert W. Magee

Attachment: Program Schedule

(✓) I will be available to speak at the proposed time.

( ) I will not be available, but will provide someone to speak for me.

Mr. Donnelly:

Following is more info on address for the  
Guaduate Studies Students.

These students work in different offices  
throughout the Agency for the summer. If some  
office picks them up full-time, then they may  
come to work for the Agency.

OTE, [ ] normally has 3 speakers  
per day and schedules 7 different sessions.  
On 15 July, the DDI will speak from 9-10:00;  
ADDS&T speaks from 10:15-11:00 and he is asking  
if you could speak from 11:00-12:00 on this date  
in 1E74 Hqs. For the other sessions then he  
usually asks some of the Office Directors within  
the Directorates but likes to have the Deputy  
Directors present their directorate run-downs  
so the students have a better understanding of  
the different offices/functions.

Last year there were 55 graduating students  
and it was held in the auditorium. This year  
there are 15 students.

Since the other Directorates are making  
presentations, I went ahead and booked your  
calendar. [ ] will provide an agenda.
